

# Great News!

You have access to **PLASMA GAMES** resources at NO cost to your school district. Our platform features a variety of interactive, game-based learning tools and exceptional curricular resources designed to save teachers time, excite students, and increase learning. These resources are proven to enhance motivation and confidence in chemistry, physical science, and STEM courses. Join our in-person AMSTI training sessions to learn how to make the most of these engaging and effective tools.

Click the **AMSTI** logo to learn more and pre-register!

Join us for our 3 hour TEAMS accredited training in your AMSTI Region!  
9 AM - 12 PM
